Cairns

Dizzy  
Male

Sunny  
Female

Dizzy, age 9 and Sunny, age 10 came to us under very sad circumstances. Their owner, a long time club member and dear friend, died suddenly this year. Both are lovely purebred Cairn Terriers, weighing about 14-15 lbs. They would love to live out their years together. They love people, still have the terrier energy and just want to be in a permanent home. They will be neutered and current on shots before adoption.
